Subject: voluntary contribution for the 2024-2025 school year.

The School Council resolved in its meeting of 11/28/2024 to request a voluntary contribution from parents that is used to support educational operations.

In the 2023-24 school year, the voluntary contribution paid by families was approximately 16.000 € net of insurance costs. The amount collected allowed us to carry out various initiatives and to allow the daily operation of the schools that belong to our Institute. We have:

- purchased easy-to-use materials for the school's teaching and/or laboratory activities
- contributed to supplying schools with everyday hygiene and health materials
- financing of the projects of the Annual Program:

Wellbeing (Psychological Help Desk and Education on Affectivity and Sexuality)

A School for All (Journalism, Reception, Taking Care and Inclusion Lab projects)

Therefore, I ask you to pay the following amounts no later than February 28th

Primary School €20

Secondary School €35

I remind you that this contribution, being a liberal donation for technological innovation and the expansion of the educational offer, is deductible when filing your tax return and you can download the receipt directly from the online payment system.

Thank you in advance for your collaboration
